## KAUAI

All of nature reveals itself in brilliant Technicolor on the majestic "Garden Isle." It's no wonder that people have started to call this "Hawaii's Island of Discovery."

Everywhere you look there's a new scenic outlook, a breathtaking view or an intimate memory that you will carry with you for the rest of your life.

## ASTON AT POIPU KAI

Because of its luxuriant sunshine and gentle waves, the Poipu area has become the preferred destination for most of Kauai's visitors. Poipu Kai is 70 acres of lush landscaped grounds that frame six swimming pools, two jet spas, nine tennis courts and two of Poipu's favorite white sand beaches.

Two Robert Trent Jones championship golf courses are nearby along with dozens of interesting dining, shopping and activity options.
