WAIKIKI, JUST OUTSIDE YOUR DOOR

They say that O'ahu is the 'Heart of Hawai'i.' That's true, but Waikiki is its pulse. If you're looking for nightlife, or beach activities, or action-oriented fun... the place to be is Waikiki Beach on the Island of O'ahu.

O'ahu is the most diverse of the Hawaiian Islands. It has more beaches, snorkeling and hiking opportunities... More attractions, history, arts and cultural activities than all of the other islands combined. 125 miles of beaches ring the island like a lei of white sand, so rent a car and explore our island. There is an endless variety of new things to see and do.
